Mayor Narvaez opened the public hearing at 7:13 p.m.

4201

Mr. Milum explained that the Planning and Zoning Commission had held a public hearing at their meeting in July. The Planning and Zoning approved the rezoning. There were two residents that showed up for the Planning and Zoning meeting but just wanted clarification in Spanish.

There were no comments from the public.

Mayor Narvaez closed the public hearing at 7:15 p.m.

Consideration and ACTION on the first reading of Ordinance 235-CC rezoning of Lots 3-15 Block A, Lots 1-12 Block 10, Lots 1-18 Block 11, Lots 1-12 Block 30 and Lots 1-18 Block 31 from R-2 Two Family District to R-1A Single Family District and amending the Official Zoning Map.

Councilmember Real made a motion to approve the first reading of Ordinance 235-CC to rezone Lots 3-15 Block A, Lots 1-12 Block 10, Lots 1-18 Block 11, Lots 1-12 Block 30 and Lots 1-18 Block 31 from R-2 Two Family District to R-1A Single Family District, seconded by Councilmember Mendez and the vote for approval was unanimous.

Consideration and ACTION on the first, second and final reading of Ordinance 458 authorizing the issuance of “City of Los Fresnos, Texas Combination Tax and Limited Pledge Revenue Certificates of Obligation, Series 2014”; providing for the payment of said certificates by the levy of an ad valorem tax upon all taxable property within the City and further securing said certificates by a lien on and pledge of the Pledged Revenue of the System; providing the terms and conditions of said certificates and resolving other matters incident and relating to the issuance, payment, security, sale, and delivery of said certificates; authorizing the execution of a Paying Agent/Registrar Agreement, a Purchase and Investment Letter, and a Private Placement Agreement; complying with the requirements imposed by the Letter of Representations previously executed with the Depository Trust Company; authorizing the execution of any necessary engagement agreements with the City’s Financial Advisors and/or Bond Counsel; and providing for an effective date.

Mr. Don Gonzales, Financial Advisor from Estrada Hinojosa, was present and explained the interest rate analysis and answered questions from the Council. The best rate was from TIP with an interest rate of 2.75% for the first five years then with a cap of 4.25%.

Mayor Narvaez made a motion to adopt an ordinance authorizing the issuance of “City of Los Fresnos, Texas Combination Tax and Limited Pledge Revenue Certificates of Obligation, Series 2014”, seconded by Councilmember Jones and the vote for approval was unanimous.

Consideration and ACTION to approve and accept Petitions for annexation of 10 acres and 9.944 acres into the City of Los Fresnos.

Councilmember Real stated he had signed a Conflict of Interest and would not be included in the discussion of this item and would not vote.

Mr. Milum explained that Alamo Street Development has requested the City annex approximately 10 acres of land into the city limits of Los Fresnos. The property is located just to the west of the lift station and drainage ditch on Hwy 100. There is water available at the front of the property. Wastewater is available at the lift station just to the east of the property. Infrastructure costs that are needed are usually paid for by the developer.

The Fire Department has requested the City annex approximately 7.968 acres and 1.992 acres for a total of 9.960 acres of land into the city limits of Los Fresnos. The property is located just to the south and east of the property the City purchased. Water is available at the front of the City property. Wastewater is available at the lift station to the east. The Fire Department and City can work together since it will be quite a lengthy line and pretty expensive to run a gravity line from our properties back to the lift station.

We will include the City property in the annexation process but we do not have to petition for it to be annexed since it is our property.

We will prepare a service plan, hold public hearings and follow state law.

Councilmember Mendez made a motion to approve and accept the Petitions for annexation of 10 acres and 9.960 acres into the City of Los Fresnos, seconded by Mayor Pro-tem Cruz and the vote for approval was 5-0 with Councilmember Real not voting.

Consideration and ACTION to approve a Resolution setting a date, time, and place for a public hearing on the proposed annexation of certain property by the City of Los Fresnos, Texas, and authorizing directing the City Secretary to publish notice of such public hearings.

Mr. Milum stated that the Council approved the petitions so now two public hearings dates must be set. August 28 will be the first public hearing and September 9 will be the second public hearing and first reading of the annexation ordinance. On September 25 we will have the second and final reading of the annexation ordinance.

Councilmember Mendez made a motion to approve a Resolution setting August 28 and September 9 for public hearings at 7:00 p.m. in City Hall, seconded by Councilmember Minton and the vote for approval was 5-0 with Councilmember Real not voting.

4203

Consideration and ACTION to accept or reject any or all bids received for construction on CDBG Contract 713301.

Mr. Milum explained that there were two bids received. We bid the projects with a base bid and different additives to be sure we can maximize the available funds. There were \$444,732.00 grant funds available for construction. The low bidder was G & T Paving.

The Base Bid is for the total reconstruction of Ebony Street, Pecan Street and Magnolia Street. The bid is \$446,649.12.

The Additive Bid No. 1 is for the total reconstruction of Sixth Street between Pita and Coma Streets. The bid is \$86,653.79.

The Additive Bid No. 2 is for drainage improvements along Magnolia Street, Pine Street and Huisache Street. The bid is \$45,838.00.

The Additive Bid No. 3 is for lift station improvements to the South Parades Lift Station. The bid is \$83,000.00.

As part of the requirements of the grant we have to have each of the elements of street, lift station and drainage addressed to a certain point or we have to start the process over.

Mr. Milum recommended accepting the base bid of \$446,649.12, accepting the Additive bid No. 2 for \$45,838.00, and accepting the Additive Bid No. 3 for \$83,000.00. We have negotiated with G & T Paving to reduce item 3 (flexible base) in the base bid in the amount of \$7,919.10. Eliminate item 8 (sidewalks) in the amount of \$62,025.70. On additive no. 3 eliminate item 3 (remove and replace electrical boxes, controls, posts and rails for pumps and floats) in the amount of \$37,000.00 and eliminate item 4 (manual transfer switch and plug) in the amount of \$7,000.00. This would make the new total of the project \$461,542.32 with available grant funds of \$444,732.00 and \$16,810.32 for the City to pay. This is subject to approval by Texas Department of Agriculture.

Councilmember Real made a motion to approve the recommendation by the City Manager for CDBG Contract 713301, seconded by Councilmember Mendez and the vote for approval was unanimous.

Consideration and ACTION to appoint a rating committee to rank audit proposals.

Mr. Milum stated he recommended Celina Gonzales, himself and two councilmember's be on the committee.

Mayor Narvaez made a motion to appoint Councilmember Jones and Real to the committee along with Mark Milum and Celina Gonzales, seconded by Councilmember Mendez and the vote for approval was unanimous.

Consideration and ACTION to authorize the City Manager to negotiate engineering services with City Engineer Naismith Engineering and or appoint a rating committee to rank engineer for various city projects.

Mr. Milum stated the projects that are approved with issuing the Certificates of Obligation are the Lopez Lift Station, Water Line Loop, Evergreen Street, and Engineering Design only for sewer to the West, sewer in the area of Escalante Road and sewer along Whipple Road.

Due to the necessity of completing the Lopez Lift Station, the water line loop and Evergreen Street, since Naismith Engineering being our City Engineer has done quite a bit of preliminary work on these, Mr. Milum recommends that he as City Manager be authorized to negotiate a rate at or below their standard rates to get these projects done. The work can start immediately instead of having to advertise.

Councilmember Mendez made a motion to authorize the City Manager to negotiate engineering services with City Engineer, Naismith Engineering for Lopez Lift Station, the water line loop and Evergreen Street, seconded by Councilmember Minton and the vote for approval was unanimous.

Consideration and ACTION on the process to select an architect for various city projects, hire an architect and or to appoint a rating committee to rank architects for various city projects.

Mr. Milum explained that the architect services will be to design various city projects. The City can advertise for Request for Qualifications or the Council can select an architect without advertising as it falls under the law of professional services.

Mayor Pro-tem Cruz made a motion to advertise for Request for Qualifications and to appoint Councilmember Mendez, Councilmember Real, Carlos Salazar and Celina Gonzales to the rating committee, seconded by Councilmember Jones and the vote for approval was unanimous.

Consideration and ACTION to acknowledge Cameron Appraisal District Chief Appraiser's certification of 2014 tax roll.

Mr. Milum stated that the 2014 market value is \$185,976,031; the taxable value is \$169,902,230 which is an increase of \$7,719,369. There is \$770,343 under ARB Review.

4205

Councilmember Real made a motion to acknowledge Cameron Appraisal District Chief Appraiser's certification of 2014 tax roll, seconded by Councilmember Minton and the vote for approval was unanimous.

Consideration and ACTION to acknowledge Finance Director's certification of the estimated tax collection rate for the tax year 2014 and the excess debt tax collections for tax year 2013.

The estimated property tax collection rate is in excess of 100%. This is due to prior year debt collections. The estimated debt collection for 2013 is \$215,216.31. The total excess debt collection fund balance is \$56,972.64.

Councilmember Jones made a motion to acknowledge Finance Director's certification of the estimated tax collection rate for the tax year 2014 and the excess debt tax collections for tax year 2013, seconded by Councilmember Minton and the vote for approval was unanimous.

Consideration and ACTION to acknowledge the calculation of Effective & Rollback Ad Valorem Tax Rates for tax year 2014 for fiscal year 2014-2015.

Mr. Milum explained that the effective ad valorem tax rate would impose the same total taxes as last year if you compare properties taxed in both years. The effective ad valorem tax rate is \$0.701271 per \$100 valuation. This means that to get the same revenue as last year the tax rate would be \$0.701271 per \$100 valuation instead of our actual rate of \$0.71500 per \$100 valuation.

The rollback ad valorem tax rate is the highest tax rate the City could have before taxpayers would be able to start rollback procedures. The rollback ad valorem tax rate is \$1.008060 per \$100 valuation.

Mr. Milum stated the City has had the same tax rate for the last seven years and would recommend staying with the tax rate of \$0.71500 per \$100 valuation.

Mayor Narvaez made a motion to acknowledge the calculation of Effective & Rollback Ad Valorem Tax Rates for tax year 2014, seconded by Councilmember Mendez and the vote for approval was unanimous.

Consideration and ACTION to propose a tax rate for 2014 tax year, take a record vote, and set dates for public hearings (if necessary).

Mr. Milum stated that the 2014-2015 proposed fiscal year budget will keep the ad valorem tax rate at \$0.715 per \$100 valuation just as it has been for the last seven years. The effective ad

valorem tax rate for 2014-2015 is \$0.701271 per \$100 valuation. Since the current tax rate is more than the effective tax rate the council must hold two public hearings.

Councilmember Jones made a motion to propose a tax rate of \$0.715 and to set August 28, 2014 and September 9, 2014 as dates for public hearings at 7:00 p.m. in City Hall, seconded by Mayor Pro-tem Cruz and the vote was as follows:

Mayor Narvaez	In favor
Mayor Pro-tem Cruz	In favor
Councilmember Real	In favor
Councilmember Mendez	In favor
Councilmember Jones	In favor
Councilmember Minton	In favor

Motion passed.

Consideration and ACTION to appoint a new member to Planning and Zoning Commission.

Mr. Milum stated there are two vacancies due to individuals not being able to make meetings.

Councilmember Mendez introduced the name of Larry Stambaugh to the Council. The Council had a copy of the citizen application which gave them information on Mr. Stambaugh.

Mayor Narvaez made a motion to appoint Larry Stambaugh to the Planning & Zoning Commission for a two year term ending October 1, 2016, seconded by Councilmember Mendez and the vote for approval was unanimous.

Consideration and ACTION to appoint a new member to the Housing Authority.

Mayor Narvaez made a motion to table this item, seconded by Councilmember Mendez and the vote for approval was unanimous.

Hopefully, when the City builds the new City Hall the Council will take inconsideration to help the Fire Department and EMS. They want to design a building that will be sufficient for many years.

ACTION ITEM (ID # 1134)

DOC ID: 1134 A

Approval or rejection of Change Orders 1 and 2 for the CDBG Contract 713301.

Change Order 1:

In the August meeting the Council approved the contract for the CBDG project as follows: Accept the Base Bid (streets) for \$446,649.12. Accept the Additive Bid No. 2 (drainage) for \$45,838.00. Accept the Additive Bid No. 3 (lift station) for \$83,000.00. We have negotiated with G & T Paving to reduce Item 3 (Flexible Base) in the Base Bid in the amount of \$7,919.10. Eliminate Item 8 (sidewalks) in the amount of \$62,025.70. On Additive Bid No. 3 eliminate Item 3 (Remove and Replace Electrical Box, Controls, Posts and Rails for Pumps and Floats) in the amount of \$37,000.00 and eliminate Item 4 (manual transfer switch and plug) in the amount of \$7,000.00. This would make the new total of the project \$461,542.32 with available grant funds of \$444,732.00 and \$16,810.32 for the City to pay. Change Order 1 reflects that same total amount as approved but defines the changes in a different way to meet requirements.

Change Order 2:

After looking at the entire project G&T Paving did not feel they could give the \$7,919.10 discount on the flexible base as they thought they could and was approved at the August meeting. While this will require the City to pay an additional \$7,919.10 I believe this is a fair price. The application of the flexible base is very difficult due to the 3 streets being dead end streets.

We do have funds to cover this item.

I recommend approval.

Second public hearing to receive comments from the public on a proposal to increase total tax revenue from properties on the tax roll in the preceding tax year by 1.96 percent and announce the date for voting on the increase.

This is to listen to comments from residents. The tax rate being proposed is \$0.715 per \$100 valuation which is the same rate we have had for the prior 7 years. The effective tax rate is \$0.701271. At the effective rate the City would get the same revenue as last year. However due to increased valuations and keeping the tax rate the same at \$0.715, the property tax revenue will increase by 1.96%.

Second public hearing on the annexation of 3.50 acres, 9.960 acres and 10.00 acres of land located on the east side of the city limits on the south side of Hwy 100.

This is to hear comments from the public on the possibility of annexing the property from Alamo Street Development, Los Fresnos Volunteer Fire Department and the City. Below is the information.

Alamo Street Development has requested the City annex approximately 10 acres of land into the City Limits of Los Fresnos. The property is located just to the west of the lift station and drainage ditch where the trailer house is on. It is part of the greater amount of property owned by Mr. Galansky and Mr. Holland. Water is available at the front of the property. Wastewater is available at the lift station just to the east of the property. Infrastructure costs that are needed are usually paid for by the developer.

The Fire Department has requested the City annex approximately 7.968 acres and 1.992 acres for a total of 9.960 acres of land into the City Limits of Los Fresnos. The property is located just to the south and east of the property the City purchased. Water is available at the front of the City property. The Fire Department will have to run water to their property from the front. Wastewater is available at the lift station to the east. The Fire Department and City can work together since it will be quite a lengthy line and pretty expensive to run a gravity line from our properties back to the lift station.

We will include the City property in the annexation process but we don't have to petition for it to be annexed since it is out property.

A. Wastewater Plant Expansion B. Raw Water Line Upgrade, Filter Replacement, Sludge Removal System C. Development Projects - Paseo Point Apartments, Walmart D. Community Park Parking E. Los Fresnos Nature Park F. Hazardous Mitigation Plan G. Category 7 Projects submitted to MPO

- A. Wastewater Plant Expansion - We are still waiting on approval from TCEQ. Then TWDB will be able to give us final approval to start the bidding process.
- B. Raw Water Line Upgrade - USDA has approved the contract for construction. The Notice to Proceed date is September 8 with the end of construction November 8. Filter Replacement - Work is occurring at the contractors shop. Construction is scheduled to be complete December 6. Sludge Removal System - Quite a bit of work has been done on site. Construction is scheduled to be complete October 6.
- C. Development Projects - Paseo Point Apartments is scheduled to be complete by the end of the year. WalMart says they will open on March 19.
- D. Community Park Parking - The work is complete and the parking lot is open. However the asphalt did not meet the thickness requirements so we are working with the County to determine the solution. The parking area on Nogal Street and Third Street is in the approval process.
- E. Los Fresnos Nature Park - We are working to get a closing date as the property owner has agreed to the purchase. He would like us to have a plaque or something with his name on it indicating appreciation. I figured we could develop a small area with nice plants for a sign and maybe a large bolder with a sign on it with his name.
- F. Hazardous Mitigation Plan - I was notified that the grant has been approved on the state level and is sent to the federal level for approval. They say it will be at least 30 to 60 days. We have not heard any more information.
- G. Category Projects Submitted to MPO - We submitted Whipple Road, Los Fresnos Loop, Hike & Bike Trails and Henderson Road. The technical committee has completed the review and ranking of all the projects. We will not be getting any construction funds. We will be recommended to be awarded funds for engineering for Whipple Road and funds for about half of the engineering for the Los Fresnos Loop. The Policy committee will make the final decision on September 9.
