

Yooooo are you coming to the party on Saturday??

Um, you do know coronavirus cases are rising in Texas don't you?

That's only in the big cities and besides, only old people get sick

Actually, most new cases are people our age! And even if YOU dont have symptoms, you could still get your parents or grandparents sick!

Don't Risk Your Health
and the Health of Others.
STAY HOME!

**DON'T BE
THAT
PERSON**
